DEPARTMENT STORE HAS BEEN PLANNED

Sam B. Wilson & Co. Get Lease on
Entire Rohde Building and
Will Enlarge.

A rumor has been current for the past several days that Bryan was to have a modern department store before the spring of 1917. The Eagle reporter started this morning with a determination of locating same and had not gone far until he was able to ascertain facts regarding same. It was found that Sam B. Wilson & Co. had leased the building formerly occupied by the Bryan Dry Goods Company or the other half of the Rohde building which they now occupy. On entering this popular establishment Mr. Wilson was found busily engaged with his customers and when approached on the subject he said: "Yes, we have leased the other half of this building and on the first of next January our plan is to open a modern department store. We have long realized that Bryan needs this kind of a store, and we have felt that it was up to us, but have been forced to await the opportunity to secure the space for the location."

In further conversation Mr. Wilson stated that they would install new departments and modern systems throughout compatible with such a store, and open at the beginning several new departments, namely, a juvenile department, novelty and notion departments, men's furnishings and tailored suits for men and youths. This department will be made especially strong and attractive. The entire mezzanine floor will be devoted to their ready to wear ladies' and children's furnishings, draperies and art goods and millinery department. Two broad stairways will enter the mezzanine floor, thereby avoiding a busy day congestion. There will also be spacious rest rooms maintained on this floor. On the main floor the

N. Y. INDUSTRIES MAY HAVE TIE UP

New York, Sept. 9.—Union labor leaders of National and state prominence were called into New York's transit situation today with the announcement by the local strike leaders that within 24 hours a conference would be held the outcome of which might mean a 24-hour tie up of all the city's industries.

PRESIDENT AT HIS SUMMER CAPITOL

Long Branch, N. J., Sept. 9.—Pres. Wilson arrived at the summer capital after an uneventful motor trip from Atlantic City. Small crowd greeted him on his arrival.

Idea will prevail to relieve a crowded condition, as it will be their plan to not overlook the comfort of their customers.

In leasing the other half of the Rohde building this firm will acquire 10,000 square feet of floor space, and with the ideas of a modern store which Mr. Wilson possesses, Bryan will no doubt be in the lead in this part of Texas with a department store. The partition wall which has been in this building will be torn out and the entire building thrown together. The front will be changed entirely and made new, with white marble tiling and plate glass. The store will be a regular "city store" and one that everybody will be proud to show in Bryan.

The Eagle is elated over being able to make this announcement, as Mr. Wilson is a selfmade man and has stuck to Bryan from start to finish. He is a leader in all public enterprises, and has never lost an opportunity to help in making Bryan a bigger and better town.
